

God-Loving
DAN M^cGEE, PhD
1994, Personal Journal

God, may I be in love with loving.

God-Loving.

And thereby participate in

The re-creation of this planet.

The greatest joy at sunset of this life

Will not be wealth, position, knowledge or

The accolades of those I'm leaving.

It will undoubtedly be

That I was loved

And thereby given

The opportunity to love.
